Palling hair means weak hair. Then strengthen your hair; feed it with the only hair food, Ayer's Hair Vigor. It checks falling hair, makes the hair

grow, completely cures dandruff. And it always restores color to gray hair, all the rich, dark color of early life.

"My hair was falling out badly and I was straid I would lose it all. Then I tried Ayer's Hair Vigor. It quickly stopped the falling and made my hair all I could wish it to be." REBECCA E. ALLEN, Elizabeth, N. J.

Custer county for the year 1904, and order that all board proceedings, legal notices and the delinquent tax list be published in said paper, said printing to be paid for at legal rates Motion carried.

Committees continued their work checking up offices.

Moved and carried to adjourn till 9 s. m. tomorrow.

## Attention Farmers\_

Why remain in the North and stay in doors six months in the year consuming what you raise during the other six

months? Go South where you can work out doors every month in the year, and where you are producing something the year round. If you are a stock raiser you know your stock are now 'eating their heads off' and besides, have to be protected

from the rigors of winter by expensive shelter. Economical stock feeding requires the combination of both flesh-forming and fat-forming foods in certain proportions. Alabama and Plorida produce in abundance the velvet bean and cassava, the first a flesh producer, and the latter a fat producer, and they are the cheapest and best fattening ma-

terials known to the world More money can be made and with less labor, in general farming, fruit and berry growing and truck gardening along our road in the South than in any other section of the Union.

If you are interested and desire further information on the subject, address
